### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The prior art of record neither discloses nor suggests the invention as claimed.

Independent claims 1, 14 and 22 all require a tilting motor having a pair of output shafts that perform a specific function in combination with further elements of an adjustable platform. This combination is neither disclosed nor suggested by the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
